

LEARNING TEAM CHARTER

Course Title DS522 – Data Acquisition and Analytics

Instructor Hassan Azhar

Course Dates _____

Faculty Approval (signature) _____

*Instructor approval
here (for entire
charter including
conflict
management plan)*

I participated in the creation of this charter and I agree with its contents (*member signatures/italics for electronic/online signature*):

Svetlana

Alex Garcia

Nga Nguyen

Team Members/Personal Information (OPTIONAL)

Name	E-Mail
David Alexandro Garcia Morales	garciamoralesdavida@cityuniversity.edu
Svetlana Grabar	grabarsvetlana@cityuniversity.edu
Nga Nguyen	nguyennga2@cityuniversity.edu

Team Member Skill Inventory

Name	Strengths/Contributions	Areas for Development
David Morales	Data acquisition and cleaning, report building and analysis.	Data presentation.
Svetlana	Data visualization, machine learning, PowerPoints	Data acquisition
Nga Nguyen	Preliminary data research, regression, analytics	Data integration, cluster analysis

Learning Team Goals (May include project assignment goals, group process goals, quality level goals, etc.)

Build a strong analysis on the Washington State waste management effort by county
 Strengthen collaboration skills by working as together and share responsibility

What are potential barriers to the achievement of these goals?

Miscommunication or delayed responses during critical stages of the project.
 Technical challenges from different levels of experience on data science

Ground Rules

Meeting schedule, locations, attendance expectations, agenda, notifications, assignment completion, etc.

Members are welcomed to express concerns, progress, ideas on the group chat
 Tasks will be clearly assigned with deadlines
 Group meetings are encouraged when urgent conflicts arise

How will communication among team members be facilitated? (telephone, e-mail, fax, etc.)

Communication will be through Microsoft Teams our chat group.
 Shared documents and files will be stored and updated on OneDrive.
 Leverage Google Colab ipynb file for efficient scripting and documenting.

Conflict Management

What are potential conflicts that might arise among or between team members during this course?

Scheduling conflicts for the meeting.

Unexpected personal delays

How do team members agree that they will deal with these and other conflicts?

The team should be notified ahead of the scheduled meeting to allow sufficient time for rescheduling if needed.

Task updates must include the expected completion date and allow enough time for team review before final submission.

respectful discussion before making decisions

Preliminary Project Plan

Task/Process	Assigned Team Member	Due
Learning Team Charter	All	Week Two (Day 1)
<i>Data acquisition and cleaning</i>	<i>David Morales</i>	
<i>Data exploratory and analytics</i>	<i>Nga Nguyen</i>	
<i>Data visualization and conclusion</i>	<i>Svetlana Grabar</i>	

Expectation of each team leader:

Keep the team aligned with clear task breakdowns and deadlines.

Help resolve conflicts or confusion before they grow.

Ensure communication stays active and nothing is left unclear or untracked.

Support the team in staying focused on delivery quality and timing.
